

各位骨創的會員：

今年，在六月九日的臺灣骨科創傷醫學會年會，邀請了四位重量級外賓，包括 Injury 期刊主編，以及韓國骨創學會(Korean Fracture Society)指派的三位重要幹部前來臺灣，針對 high energy trauma 與 bone transport、atypical femur fracture，發表深入的主題演講，竭誠地邀請您來參加。為了方便與外賓的討論，整天的年會將以英語進行。

外賓介紹：

Peter V. Giannoudis MD, FACS, FRCS, Chief Editor of Injury

Professor, Academic Section Department of Trauma & Orthopaedic Surgery, Leeds Institute of Rheumatic and Musculoskeletal Medicine, School of Medicine, University of Leeds

來自英國的創傷界大師，將發表三大精彩演說，分別對於 impacted injury of acetabulum、induced membrane technique for bone defects、systemic inflammation after multiple trauma，分享寶貴的臨床經驗。

Byung-Woo MIN, MD, PhD.

Professor, Department of Orthopedics Surgery, Keimyung University, Dongsan Medical Center
Immediate Past President of Korean Fracture Society

Ki-Chul Park, MD, PhD

Professor, Chief of Trauma Orthopedics, Director of Department of Orthopedic Surgery, School of Medicine Hanyang University Guri Hospital
AO Trauma Korea Council Chair

Chang-Wug OH, MD, PhD

Professor & Director, Department of Orthopedic Surgery, Kyungpook National University Hospital
AO Trauma Asia-Pacific Chair

來自韓國的三位專家，將和我們分享使用 locking plate and ESF 的 hybrid technique of bone transport，以及對於非典型股骨骨折的治療建議。

這次年會的主題演講，精采可期，歡迎各位骨創會員前來共襄盛舉，也歡迎年輕的住院醫師們一同參與。我們六月九日臺北榮總見！

理事長 江昭慶 敬邀
